

# Einladung

Konservierungswissenschaft im Dialog  
Öffentliche Vortragsreihe des Rathgen-Forschungslabors

Wir laden alle Interessierten sehr herzlich ein zu unserem nächsten Abendvortrag am

**Dienstag, 25. Februar 2025, 18.30 Uhr**

Brugsch-Pascha-Saal im Archäologischen Zentrum,  
Geschwister-Scholl-Str. 6  
10117 Berlin

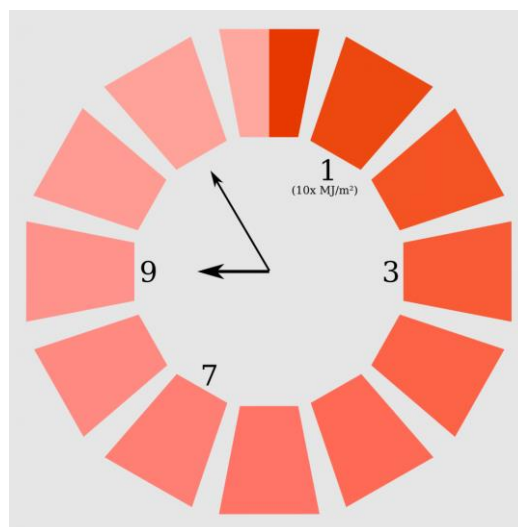

Vortrag in englischer Sprache

**Gauthier Patin**

Cultural Heritage Agency of the Netherlands

## ***Microfading measurements and its application in museums***

This presentation is about microfadingometry - an accelerated light-ageing techniques used to evaluate the light sensitivity of coloured surfaces. It begins with an overview of the method, followed by a discussion of recent advancements. The final section highlights its application in heritage conservation practices, particularly its role in shaping lighting policies for collections.

The image shows the results of a microfading measurement on an eosin oil paint sample. © Gauthier Patin
